- 🤝 Customer and Supplier Relationships
- 🔍 Transparency and Governance

Continuous Improvement = Exercise

🔄 1. Identify Areas for Improvement
📊 2. Measure and Analyze Current Performance
🎯 3. Set Clear, Measurable Goals
🧠 4. Develop Improvement Plans
🛠️ 5. Implement Solutions
📈 6. Monitor and Evaluate Results
🔄 7. Standardize and Scale Successful Changes
🌱 8. Repeat the Cycle

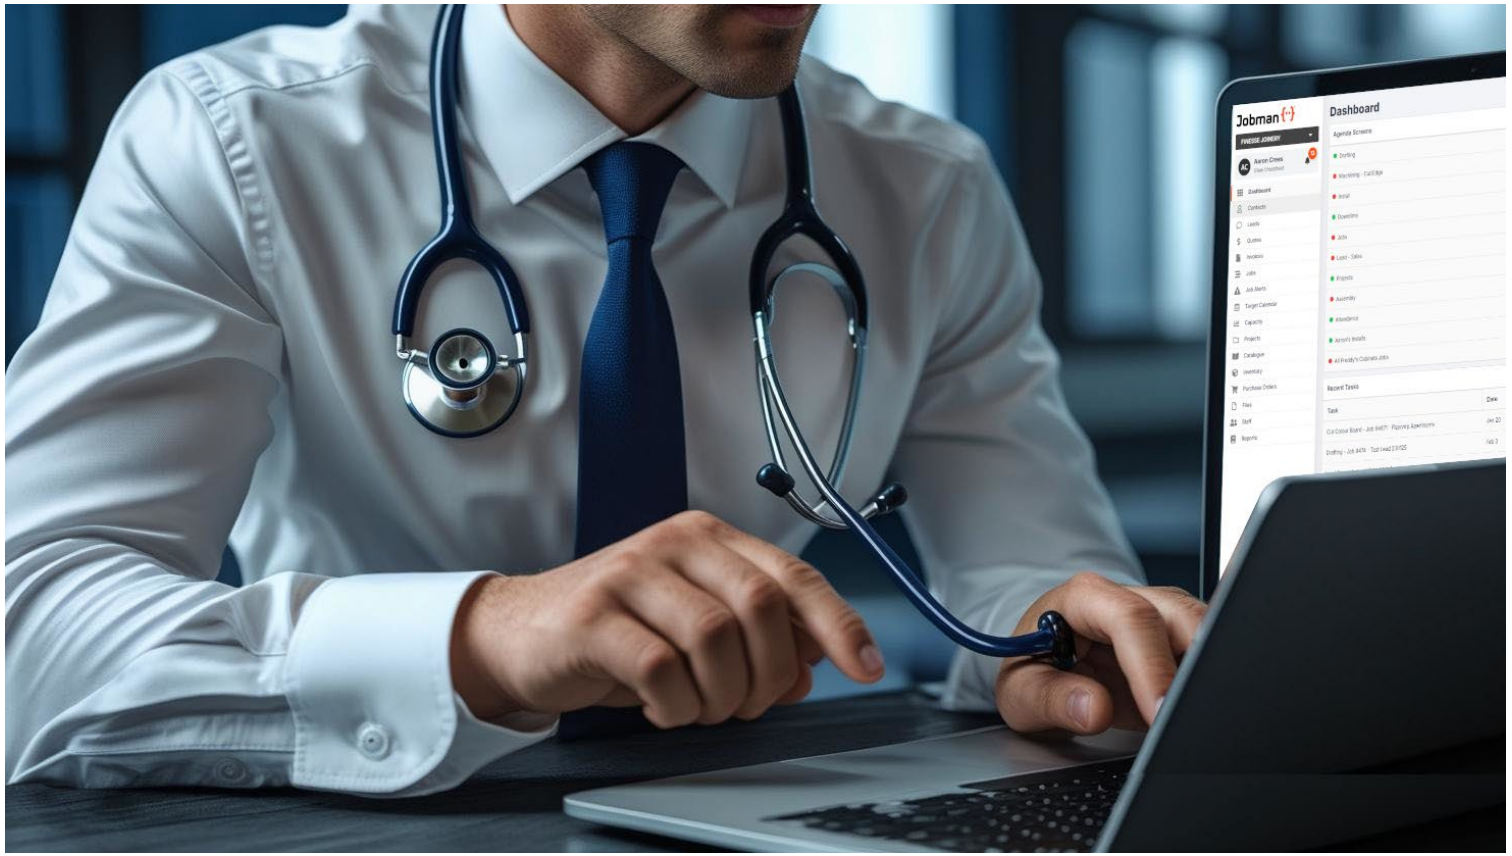

Inputs Matter: Diet = Data & Processes

The health of your business depends largely on what you put into it.

- **Data**
- **Training**
- **Investment in technology**

Listen to Symptoms, Get Help, Use Tools

- Don’t ignore early warning signs.
- Use analytics like blood tests.
- Call in specialists when needed.

How healthy in your business?

- Are you running on caffeine and hope—or a solid strategy?
- What steps are you taking to ensure your business is healthy?

Communication

Communicate efficiently and effectively

Communicate with your staff and clients with these great new features.

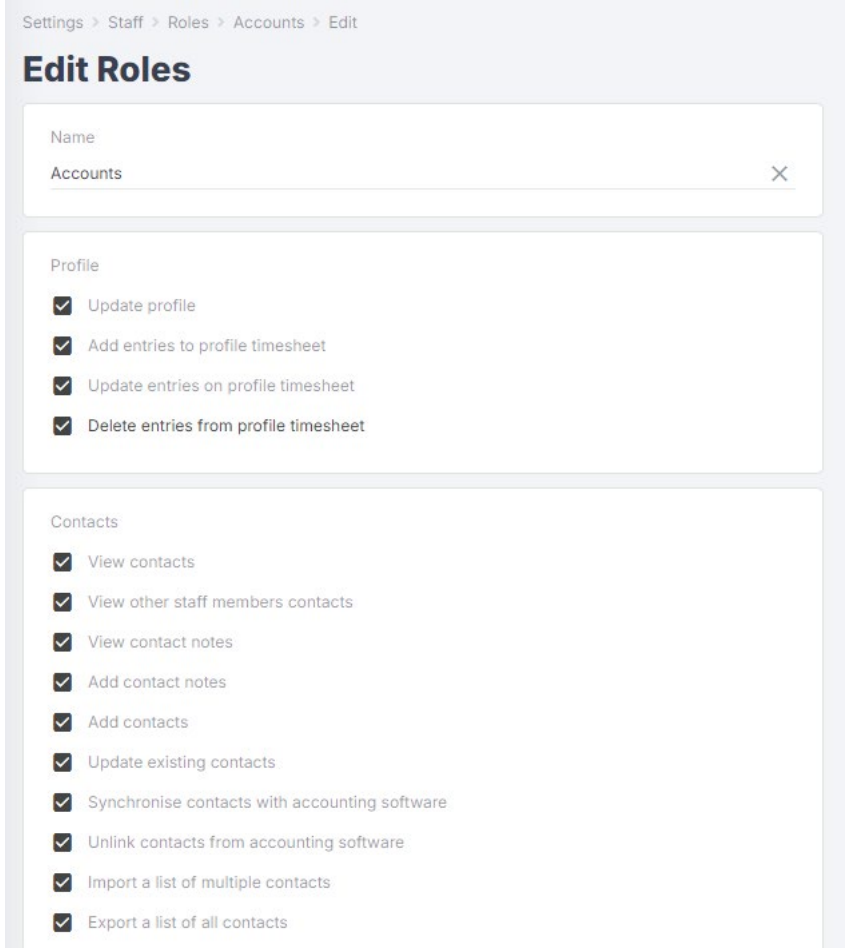

- **Notifications.** Staff can be members of Jobs and Tasks so they can see a dashboard of things they are meant to do. These can also be automated through workflows.
- **Email client.** Jobman now has an email client that can send templated emails and capture responses against the customer, Lead and Job.
- **Quote management** is all handled and recorded against the lead with smart updates.
- **Shareable Agenda Screens**. https://jobmanapp.com/#public/agenda-screens/eae2840a-04f7-4c01-8908-ff139e8860f7/a3a92bcd-dcd9-4339-ada6-7341c7d8349f

Optimised Security

Offering the best security

Security and access are now in your hands.

- Opt-in 2-factor authentication.
- Staff Roles – Create as many roles as required for ultimate user control and access.
- AWS Security measures compliant.

Smarter Quoting

Quote accurately, efficiently and professionally
