MASTERCRAFT KITCHENS

LSC

PURPOSE OF THE LICENSEE STEERING COMMITTEE *(Nov 2021)*

To provide a consultation platform between licensees and the NSO, assisting in the strategic direction of the Mastercraft Kitchens Group Growth Fund and giving licensees a voice in the decision-making process.

The core responsibilities of the LSC are as follows:

- Review and provide feedback on the GGF annual budget
- Review and make recommendations on the licensee contributions to the GGF
- Review and provide feedback on significant growth activities and initiatives proposed by the NSO
- Seek feedback from other licensees on concerns, questions and ideas relating to the growth of the Mastercraft brand
- Review and provide feedback/recommendations as a result of any market research or intelligence

New Membership

SELECTION OF NEW MEMBERS – TWO REQUIRED

Licensee members must reflect the diversity of the national group by including variations in geography, business size, gender, skillset, and core business focus.

- To replace members stepping down, 'self-nominations' are to be sought from the licensee group.
- The LSC would then discuss nominations to ensure the diversity required in the Membership description is met.
- If a greater number of 'qualified' nominations is reached, then these would be put out to the licensee group for a vote.

MASTERCRAFT KITCHENS

LSC Chairperson

- provides a single point of contact,
- a voice for the collective group,
- leadership/coordination when something requires discussion,
- is chair for LSC meetings

- Highly experienced
- Diverse expertise
- Long tenure with Mastercraft Group
- Quintessential 'Good Bugger'
