FISHER & PAYKEL

31st January 2025

Dear Valued Partner

PRICE RISE NOTIFICATION – EFFECTIVE FROM 1ST MAY 2025

With the ongoing decline of the New Zealand Dollar, we are now seeing the impact of higher input costs on all of our imported products. While we have to this point absorbed the cost increases to provide price stability for our customers, we are now signaling that we need to pass on some of this cost through a lift in our prices.

As such, we will be lifting invoice prices on all product categories across both the Fisher & Paykel and Haier brands.

The effective date of this price increase will be May 1st 2025 with the average increase between categories ranging from 5% to 7%.

Your BDM will provide you an updated May 1st pricelist over the coming days which outlines the by model adjustments. Orders placed on or after May 1st 2025 will reflect the new pricing.

At Fisher & Paykel, we are committed to investing in delivering new and innovative products to market and to enhancing the consumer experience through our on-going investment in our brands. I am genuinely grateful for your ongoing support of the Fisher & Paykel and Haier brands and look forward to continuing to grow our partnership together.

Best Regards

Vaughan Schwass
